

AEROMARINE'S 750 STRAIGHT FLOATS

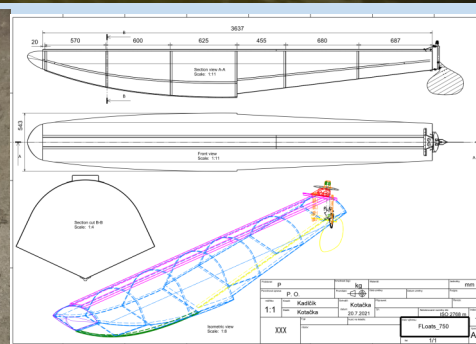

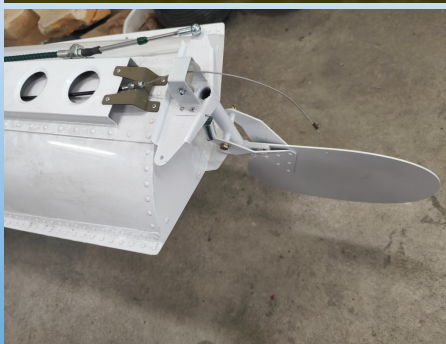

PART 103 COMPLIANT—KITS (\$3,500) OR FINISHED (\$5,500)

Perfect for the Merlin Lite and Electrolite aircraft.

Fits Kolb, Aerolite 103 and other popular ultralight aircraft

Aeromarine is re-introducing their popular all-aluminum 750 float perfect for ultralight aircraft. This classic and proven design is even better now with digitalization by CAD to precision matched-hole production technology. These 2-compartment floats weigh only 30 lbs. each.

CAD fittings and stream-lined struts/spreader bars/ water rudders available
